

# HOUSE RULES

1

The game works best with 2 teams of 2 players: each team with one player as goalie and the other player working the rods.

2

Stand on one of the grass mats and you will control the goalie nearest you: move left and right to control the goalie's position.

3

Your other team member controls all your other players using the rods – and can also make the goalie kick using a button on the side of the table.

4

Games last 3 minutes and start automatically 30 seconds after the last game.

5

No spinning!
